Semester ends 5/1 (5/4- 5/8 success week)	Semester ends 5/1 (5/4- 5/8 success week)	Semester ends 5/1 (5/4-5/8 success week)

The sample schedule is recommended at 32 hours/week to provide those students pursuing the Master of Science in Nutrition ample time to focus on coursework.

Students enrolled in the distance dietetic internship/certificate program <u>alone</u> should consider a 40 hour/week rotation schedule with additional time 'off' between rotations.
