Dietetic Internship. Preceptor Training.

Mandatory Training. Eligible for 2 CEUs.

Please start by viewing the following video:

- [Program Overview](#) (~15 minutes)

Next, please view the follow practice area videos. Each video will discuss the curriculum for that specific practice area and the evaluation process. This will provide a better understanding of what our interns are looking forward to this year and what experiences they'll bring into your facility!

- [Food Service](#) (~20 minutes)
- [Community](#) (~16 minutes)
- [Clinical](#) (~20 minutes)

Once you have viewed all videos, please complete the form on pg. 2 and return to the program by emailing the completed form to dieteticinternship@ilstu.edu. Once received, we will provide your CEU certificate!

Additional Opportunities.

Our internship program is committed to supporting inclusion, diversity, equity, and access (IDEA) in Nutrition and Dietetics. Throughout the year, we will share resources to help preceptors stay current on strategies for promoting IDEA. The Accreditation Council for Education in Nutrition and Dietetics (ACEND) offers a series of webinars to address IDEA. These webinars are free, and all preceptors are invited to view. If you are an academy member, you can access the full set of trainings and CPEU certificates here:

<https://www.eatrightpro.org/acend/about-acend/diversity-equity-and-inclusion>

If you are not an academy member, you can access the trainings following the links below. Then email dieteticinternship@ilstu.edu once you have completed a training and we will email you the associated CDR certificate(s).
